STA-02: CRITICAL DECISION-MAKING TO FACILITATE RECOVERY: THE BLENDING OF THE PCPC AND THE ASAM PPC 2R

DR. MEE-LEE/CHANGE COMPANIES **COST: FREE**
OCTOBER 5, 2011
WEBINAR
1:00 P.M. TO 4:00 P.M.
3 HRS

This training will offer instruction to OTP medical staff on how to utilize a combination of the PCPC and ASAM-PPC-2R to most effectively assess the needs of the methadone client, including placement in the most appropriate LOC, and how to integrate that assessment information into the development of an individualized plan that will guide the client's course of treatment and support their long-term recovery.

STA-04: ASSESSING AND MAINTAINING AN ADEQUATE DOSAGE

DR. TRUSANDRA TAYLOR **COST: FREE**
OCTOBER 12, 2011
WEBINAR
11:00 A.M. TO 2:00 P.M.
3 HRS

This training will offer the OTP medical staff additional tools to be utilized when assessing a client for admission into their program, or at critical points such as a dosage adjustment. These recommendations will then assist the medical staff in assuring that decisions regarding dosage support the client's goals for their long-term recovery. Participants will receive support in developing the policies set forth in the Best Practices for Recovery-Oriented Methadone Services.

STA-05: BUILDING A NETWORK OF CARE AND COORDINATION

DR. TRUSANDRA TAYLOR **COST: FREE**
DECEMBER 28, 2011
WEBINAR
11:00 A.M. TO 2:00 P.M.
3 HRS

This training will focus on the importance of the coordination of care between the OTP physicians and the other medical professionals who are providing concurrent medical treatment (inclusive of medications) to ensure each patient's overall health, safety, and opportunity to recover.

STA-07: INTEGRATING DRUG SCREENING PROCESS WITH CRITICAL DECISION-MAKING

DR. TRUSANDRA TAYLOR **COST: FREE**
DECEMBER 7, 2011
WEBINAR
11:00 A.M. TO 2:00 P.M.
3 HRS

This training will offer to OTP medical staff recommendations on how to ensure that the patient's drug screen results are an integral component in the decision-making process related to their overall clinical care (increased psychotherapy, dosage adjustment, referral to higher LOC, etc.). Participants will receive support in developing the policies set forth in the Best Practices for Recovery-Oriented Methadone Services.

COUNSELOR AND OTHER NON-MEDICAL CLINICAL STAFF

STA-01: CRITICAL DECISION-MAKING TO FACILITATE RECOVERY: THE BLENDING OF THE PCPC AND THE ASAM PPC 2R

STA-08 a: RECOVERY-ORIENTED SYSTEM OF CARE: HOW DO WE GET THERE?

CHARLENE GIVENS COST: FREE
OCTOBER 11, 2011: WEDAC
OCTOBER 25, 2011: SBHM
11:30 A.M. TO 2:30 P.M.
3 HRS

A Recovery Oriented System of Care is not just a blending of treatment and recovery supports. This course will show the origins of a recovery focus of care as being the natural extension and growth from the 21st century understanding of person-centered addiction care and of this illness being more chronic than acute in nature. Discussion will include the role of the OTP in this transformation.

STA-08 c: RECOVERY PLANNING: IDENTIFYING, BUILDING, AND ENHANCING A CLIENT'S RECOVERY CAPITAL

NANCY MILLIRON COST: FREE
OCTOBER 6, 2011: WEDAC (AT CAPACITY)
OCTOBER 7, 2011: WEDAC (AT CAPACITY)
OCTOBER 19, 2011: SBHM
11:30 A.M. TO 2:30 P.M.
3 HRS

This training will focus on the concept of Recovery Capital – what does this mean? Instruction will then be given to OTP clinical staff on how to assist clients with identification and enhancement of their personal recovery capital, as well as, how then to assist clients with development of an individualized recovery plan that includes their assets, strengths, interests, hopes, and goals.

CORE CLINICAL COMPETENCIES

CCC-01: CO-OCCURRING DISORDERS

VINCE MERCURI Cost: \$20
SEPTEMBER 15, 2011
SBHM
9:00 A.M. TO 4:00 P.M.
6 HRS

This training will present to OTP clinical staff a review of Minkoff's parallels and the possible complexity that multiple disorders may present for engagement, diagnosis, treatment and recovery. The critical importance of integrating approaches and interventions will be discussed, as well as a review of the full array of programs and services that may be needed by persons with co-occurring disorders receiving methadone maintenance services.

CCC-02: MOTIVATIONAL INTERVIEWING

NANCY MILLIRON Cost: \$20
SEPTEMBER 23, 2011
SBHM
9:00 A.M. TO 4:00 P.M.
6 HRS

This training will familiarize OTP clinical staff with the concepts behind the development of Motivational Interviewing (MI) and the applications of this approach to the treatment of the substance abuse population. Participants will learn how to modify the client-centered aspect of MI until the OTP client has achieved a solid strength and length of sobriety. The training will review proven motivational strategies and give participants the opportunity to practice these methods.

CCC-03: BASIC GROUP COUNSELING SKILLS

VICTORIA LAHEY Cost: \$20
SEPTEMBER 7, 2011
SBHM
9:00 A.M. TO 4:00 P.M.
6 HRS

This training is designed to teach the inexperienced OTP counselor theory and methods for group counseling. It will be a combination of didactic teaching and opportunities for experiential learning through practice. Topics include stages of group development, selecting group members, membership roles, creating a therapeutic environment in groups, role of the facilitator/co-facilitator; content versus process in groups, specific group counseling techniques, and implication of chemical dependency in group processes.

CCC-04: GROUP DYNAMICS

KEN MONTROSE Cost: \$20
OCTOBER 26, 2011
SBHM
9:30 A.M. TO 4:00 P.M.
5 HRS

This training describes ways OTP clinical staff can help group members take control of their group. It also discusses 'problem' group members, e.g. the monopolist, and ways to deal with them. Unique issues related to clients receiving methadone maintenance services will be addressed.

CCC-05: ADVANCED GROUP COUNSELING SKILLS

VICTORIA LAHEY Cost: \$20
NOVEMBER 2, 2011
SBHM
9:00 A.M. TO 4:00 P.M.
6 HRS

This workshop will focus upon the role of the group leader in both psycho-education groups and counseling groups. Critical incidents in group work will be discussed as well as the dynamics of co-leadership. OTP clinical staff will learn how to use sociograms to map group dynamics and will participate in group activities designed to assist them in co-leading groups, as well as, engaging client participation in psycho-educational and counseling groups.

CCC-06: EXPLORING DRUG TRENDS

VINCE MERCURI Cost: \$20
DECEMBER 15, 2011
SBHM
9:00 A.M. TO 4:00 P.M.
6 HRS

This training is designed to give OTP clinical staff updated information on new growth trends of drug use and trends in our culture related to drug usage. Emphasis will be given to the drugs most frequently abused with opioids, and/or by those enrolled in an OTP. The impact of these drugs on the culture may also be discussed.

CCC-07: CORE PRINCIPLES OF ADDICTION

PREFERRED SYSTEMS Cost: \$20
NOVEMBER 10, 2011
SBHM
9:00 A.M. TO 4:00 P.M.

6 HRS

This training will offer OTP clinical staff a review of addiction as a brain disease and then describe the process of recovery from a substance use disorder. Participants will learn how individuals experience drinking and drug use, gain an understanding of the basic process and diagnosis of substance use disorders, and how the brain functions in someone chemically dependent.

CCC-08: IMPLEMENTING COMPREHENSIVE ADDICTION TREATMENT WITHIN AN OTP

JOYCELYN WOODS **COST: \$10**
NOVEMBER 16, 2011
WEBINAR
11:30 A.M. TO 2:30 P.M.
3 HRS

This session will build on the concept of addiction as a brain disease and provide OTP clinical staff practical ways to assist clients in their recovery efforts. Since so many aspects of an individual's life are impacted by their substance use disorder(s), effective treatment must address more than just the OTP client's opioid dependence.

CCC-09: RELAPSE PREVENTION

VICTORIA LAHEY **COST: \$20**
OCTOBER 21, 2011
SBHM
9:00 A.M. TO 4:00 P.M.
6 HRS

Too many professionals become frustrated by the recidivism among long-term substance abusers. This training has two main elements. First, OTP clinical staff will be asked to look at their own attitudes about their role in treatment, the attraction of alcohol and other drugs, and their attitudes about relapse. And second, OTP clinical staff will explore techniques for dealing with chronic relapse. These will include not enabling, using leverage, involving family and work, and knowing when to therapeutically "give up."

CCC-10: HELPING CLIENTS IN EARLY RECOVERY

KEN MONTROSE **COST: \$20**
NOVEMBER 30, 2011
SBHM
9:30 A.M. TO 4:00 P.M.
5 HRS

Early recovery can be a difficult time. This training will show OTP clinical staff ways to help clients spot rationalizations and illogical thinking that leads to

relapse, and use Twelve Step slogans in everyday life. We will discuss ways clients can enhance and buttress recovery.

CCC-12: CONFIDENTIALITY

CHARLEEN GIVENS **COST: \$20**
JANUARY 19, 2012
SBHM
9:00 A.M. TO 4:00 P.M.
6 HRS

This training will provide a review of the applicable Federal and State laws and regulations on Confidentiality and will include some unique issues/situations encountered by OTP staff.

CCC-13: ETHICS

PREFERRED SYSTEMS **COST: \$20**
OCTOBER 13, 2011
SBHM
9:00 A.M. TO 4:00 P.M.
6 HRS

This training will offer a review of State and Federal laws and regulations governing treatment of the addict, and the HIV positive client. Ethical considerations in addiction treatment, including those specific to an OTP, will be the focus.

CCC-14: AVOIDING BURNOUT: CLINICAL, ETHICAL, & SUPERVISORY ISSUES

KEN MONTROSE **COST: \$20**
DECEMBER 8, 2011
SBHM
9:30 A.M. TO 4:00 P.M.
5 HRS

This workshop explores the clinical and ethical issues of burnout. OTP clinical staff will be asked to assess their own burnout. Time pressures, cognitive distortions, procrastination, and vicarious traumatization are explored for their impact on clinical practice. Dealing with burnout in colleagues and those you supervise is a key issue.
